

CITY OF CLARENDON

Recycling/Composting

The City of Clarendon took both awards in 2017. With 285,540 pounds recycled and over 773,000 pounds of yard waste collected, the city diverted roughly 1.436 pounds of material per resident per day from the landfill.

PEP Rally!

PEP Superheroes!

Panhandle Environmental Partnership

May 2018 / Issue #76

Left to Right: Lori Gunn, James Watt, Joe Neal Shadle, Danny Gaines, Brent Campbell, Grett Betts, Richard Dzamko and Mayor Sandy Skelton

Every year on November 15th communities across the State celebrate Texas Recycles Day. Texas recycles Day aims to raise public awareness of the economic and environmental benefits of recycling. Residents save money each year that recycling is utilized as they avoid the cost of new expensive landfills. Recycling also conserves our natural resources and save energy. Making this a win-win for every resident of the Panhandle region. Many communities are already recycling every day. Accepting items such as cardboard, scrap metal, newspapers, office paper, plastics, batteries, scrap tires, electronics, used motor oil, concrete, yard clippings and wood waste. If your community is ready to become a PEP Superhero, please call Lori with PRPC at (806) 372-3381.
